“Changing attitudes for business success”

Lattitude7 - Script for Introductory Video

Segment 1

I'd like to share with you some ways in which we can help you and your business.

In the current climate, it is absolutely essential that your staff have everything they need to help your company survive and grow.

I'm not talking about specific skills and knowledge, I'm referring to ATTITUDE, CONFIDENCE, INTERPERSONAL SKILLS and the many other attributes of success.

Segment 2

We make sure that you have confident, happy staff and harmonious teams leading to improved customer retention.

Your return on investment is people with fresh attitudes helping to drive your business forward to exceed expectations.

Segment 3

Here at Lattitude7 we change people's lives by changing attitudes. In a highly-engaging way we give people the confidence to be more positive improving their impact and effectiveness.

We offer personal development and team training experiences to help you come out of the recession at a better place than where you went in.

Segment 4

As a result of our programmes, your people **think** differently and are more open-minded and positive. They **do** things differently, quicker and better and are more successful in their roles.

Segment 5

At Lattitude7 we don't just deliver training, we provide a sustainable learning experience!

We interview all the delegates, up front so we know exactly what they need, we keep stakeholders informed of progress, we provide consultation between sessions and we provide unrivalled follow-up support.

Your altitude is governed by your attitude, so change your attitude with Lattitude7.
